

About UnitedHealthcare

UnitedHealthcare offers a full range of health benefits designed to simplify the health care experience and make it more affordable for people to access high-quality care. We work to provide the more than 52 million consumers we serve with access to quality care when and where they need it through our network of more than 1.7 million physicians and care professionals and over 7,000 hospitals and care facilities nationwide. We support people from their earliest days through their working years and into retirement.

How we serve

Simplest experience

We work to make health care simpler by streamlining processes and providing reliable, trusted information that helps make coverage easier to understand and use.

Affordable coverage

We believe everyone deserves health coverage they can afford, so we provide coverage options designed to fit a variety of budgets and focus on improving affordability and access.

Quality, supported care

We provide the people we serve with access to quality care, personalized solutions and the support they need to navigate the health system. In partnership with Optum, we continue to lead the way in accelerating the transition from fee-for-service to value-based care with the goal of making high-quality care more accessible, more affordable and more equitable.
