

UNITEDHEALTH GROUP
BOARD OF DIRECTORS
AUDIT AND FINANCE COMMITTEE CHARTER
(November 6, 2025)

INTRODUCTION AND PURPOSE

UnitedHealth Group Incorporated (the "Company") is a publicly-held company and operates in a complex, dynamic, highly competitive, and regulated environment. In order to assure the kind of informed decision making beneficial to the Company, much of the Board of Director's (the "Board") oversight occurs through its standing committees (the "Board Committees"), such as the Audit and Finance Committee (the "Committee"), in collaboration with other Board Committees. The primary purpose of the Committee is (a) to assist the Board in fulfilling its oversight responsibilities relating to (i) the conduct and integrity of the Company's financial reporting to any governmental or regulatory body, the public or other users thereof, (ii) the Company's compliance with legal and regulatory requirements including privacy, cybersecurity and data protection and the Company's management of litigation, investigations or other proceedings, in coordination with the Board and its other Board Committees, (iii) the efficacy of the Company's enterprise risk management structure and key processes, (iv) the qualifications, engagement, compensation, independence and performance of the Company's independent outside auditor, and (v) the performance of the Company's General Auditor and internal audit function, and (b) to prepare the report of the Committee required by the Securities and Exchange Commission ("SEC") to be included in the Company's annual proxy statement.

The Committee's job is one of oversight. The Company's management is responsible for preparing the Company's financial statements and the independent outside auditor is responsible for auditing the annual financial statements and reviewing the quarterly financial statements. The Committee recognizes that financial management (including the General Auditor and internal auditing function), as well as the independent outside auditor, have more direct knowledge and detailed information about the Company than do Committee members. Consequently, in carrying out its oversight responsibilities, the Committee is not providing any expert or special assurance as to the Company's financial statements or any professional certification as to the independent outside auditor's work.

COMPOSITION

The Committee shall be comprised of three or more directors as determined by the Board, each of whom the Board has determined (a) meets the independence requirements of the New York Stock Exchange ("NYSE") and the SEC, (b) meets the independence requirements under the Company's Standards for Director Independence, and (c) is financially literate. At least one Committee member shall qualify as an "audit committee financial expert" as defined by SEC rules. Committee members may enhance their familiarity with finance and accounting by participating in educational programs conducted by the Company or an outside consultant.

No director may serve as a member of the Committee if such director serves on the audit committees of more than two other public companies unless the Board determines that

such simultaneous service would not impair the ability of such director to serve effectively on the Committee, and discloses this determination in the Company's annual proxy statement. No member of the Committee may receive, directly or indirectly, any compensation from the Company other than (i) director's fees, which may be received in cash, common stock, equity-based awards or other in-kind consideration ordinarily available to directors; (ii) a pension or other deferred compensation for prior service that is not contingent on continued service; and (iii) any other regular benefits that other directors receive.

The members of the Committee are appointed by the Board and serve until their successors are duly appointed or until their retirement, resignation, death or removal by the Board. Unless a Chair is elected by the full Board, the members of the Committee may designate a Chair by majority vote of the full Committee membership.

MEETINGS

The Committee shall meet at least four times per year, or more frequently as circumstances dictate. To the extent practicable, each of the Committee members shall attend each of the regularly scheduled meetings in person. A majority of the Committee members currently holding office constitutes a quorum for the transaction of business. The Committee shall take action by the affirmative vote of a majority of the Committee members present at a duly held meeting or by written action signed in the manner and by the number of Committee members required under the Company's Certificate of Incorporation and Bylaws and applicable law. The Chair shall convene and chair meetings of the Committee, set agendas for meetings, and determine the Committee's information needs. In the absence of the Chair at a duly convened meeting, the Committee shall select a temporary substitute from among its members. As part of its job to foster open communication, time shall be periodically set aside at meetings for the Committee to meet with management (including the Company's Chief Executive Officer and Chief Financial Officer), the independent outside auditor and the General Auditor function in separate sessions to discuss any matters that the Committee or each of these groups believe should be discussed privately. The Committee will meet in regularly scheduled executive sessions without any members of management. The Committee may ask members of management or others to attend the meetings and provide pertinent information, as necessary. All other Board members have a standing invitation to attend meetings of the Committee.

RESPONSIBILITIES AND DUTIES

The Committee shall be subject to the following principles and shall undertake the following responsibilities and duties.

Documents/Reports Review

- Meet to review and discuss with management and the independent outside auditor the Company's annual and quarterly financial statements, including reviewing the Company's specific disclosures under Management's Discussion and Analysis of Financial Condition and Results of Operations. Based on its discussions with management and the independent outside auditor, the Committee shall recommend to the Board whether the Company's annual financial statements should be included in the Company's Annual Report on Form 10-K (or the Annual Report to Shareholders).

- Review the Annual Report on Form 10-K prior to filing.
- Discuss with management earnings press releases, as well as financial information and earnings guidance provided to analysts and rating agencies. Discussion of earnings releases as well as financial information and earnings guidance may be done in a general manner (i.e., discussions of the types of information to be disclosed and the type of presentation to be made).
- Discuss significant findings and recommendations of the Company's independent outside auditor and the General Auditor and internal auditors, together with management's responses to those findings and recommendations.
- Review and discuss with the Company's Chief Executive Officer and Chief Financial Officer the procedures undertaken in connection with the Chief Executive Officer and Chief Financial Officer certifications for Forms 10-K and Forms 10-Q, including their evaluation of the Company's disclosure controls and procedures and internal controls.
- Prepare the Committee report required by SEC rules to be included in the Company's annual proxy statement.

Independent Outside Auditor

- Make all decisions relating to the selection, evaluation, retention, oversight and replacement of the Company's independent outside auditor, and approve all fees and other terms of the Company's independent outside auditor. On an annual basis, the Committee shall receive from the independent outside auditor and review a report describing: the auditor's internal quality-control procedures; any material issues raised by the most recent internal quality-control review, or peer review, of the auditor, or by any inquiry or investigation by governmental or professional authorities, within the preceding five years, respecting one or more independent audits carried out by the auditor, and any steps taken to deal with any such issues; and, to assess the auditor's independence, all relationships between the auditor and the Company consistent with the applicable requirements of the Public Company Accounting Oversight Board ("PCAOB") regarding the independent auditor's communications with the Committee concerning independence. The Committee is responsible for actively engaging in a dialogue with the independent outside auditor with respect to any disclosed relationship or services that may impact the objectivity and independence of the independent outside auditor and take appropriate action in response to the independent outside auditor's report to satisfy itself of the auditor's independence. The independent outside auditor shall report directly to the Committee.
- Pre-approve, or adopt appropriate procedures to pre-approve, all audit and non-audit services and fees to be provided by the independent outside auditor, and consider whether the auditor's provision of non-audit services to the Company is compatible with maintaining the independence of the independent outside auditor.
- Review and evaluate the performance, qualifications and independence of the Company's independent outside auditor, taking into account the opinions of management, the General Auditor and the internal auditors.

- Review and evaluate the qualifications, performance and independence of the lead partner of the independent auditor, oversee proper rotation of the lead partner and other audit partners serving the account as required under SEC independence rules, and periodically evaluate whether there should be a rotation of the audit firm itself.
- Periodically consult with the Company's independent outside auditor, outside of the presence of management, about the auditor's judgments about the quality, and not just the acceptability, of the Company's accounting principles as applied to its financial reporting, and the Company's internal controls and the fullness and accuracy of the Company's financial statements.
- Obtain from the independent outside auditor in connection with any audit a report relating to the Company's annual audited financial statements describing all critical accounting policies and practices to be used, all alternative treatments of financial information within generally accepted accounting principles ("GAAP") that have been discussed with management, ramifications of the use of such alternative disclosures and treatments, and the treatment preferred by the independent outside auditor, and any material written communications between the independent outside auditor and management, such as any "management" letter or schedule of unadjusted differences.
- Review and discuss with the independent outside auditor all critical audit matters (CAMs) proposed by the independent outside auditor to be included in its audit report.
- Obtain from the independent outside auditor assurance that the audit was conducted in a manner consistent with Section 10A of the Securities Exchange Act of 1934, as amended ("Exchange Act"), which sets forth certain procedures to be followed in any audit of financial statements required under the Exchange Act.
- Discuss the scope of the annual audit plans for the independent outside auditor.
- Establish policies governing the hiring by the Company of any current or former employee of the Company's independent outside auditor.

Internal Audit

- Review and approve the annual audit plans for the internal audit function and all material changes to such plans.
- Review and concur in the appointment and termination of the General Auditor.
- Periodically review and approve changes (if any) to the internal audit charter.
- Review significant internal audit results, including any problems or difficulties, together with management's action plans.
- Discuss regularly with the Company's General Auditor, the budget and staffing of the internal audit function, including responsibilities, organizational structure, auditor qualifications, and quality assurance reviews.

- Review the qualifications, performance and objectivity of the internal audit function.

Enterprise Risk Management

- Review with management, the Company's enterprise risk management framework, including the governance structure, the guidelines and policies for assessing, identifying, managing, monitoring and reporting of significant risks.
- Meet periodically with management to review the Company's significant risks and the steps management has taken to monitor, control or mitigate such risks, in collaboration with other Board Committees.

Legal, Compliance and Regulatory Matters

- Oversee and review matters relating to the Company's management of litigation, investigations or other legal or regulatory proceedings.
- Oversee and review reports from the Chief Compliance and Ethics Officer regarding compliance with its Code of Business Conduct and Ethics and Principles of Ethics and Integrity.
- Receive and review periodic reports regarding matters relating to the Company's compliance with legal and regulatory requirements from the Chief Compliance and Ethics Officer, who has express authority to communicate directly with the Committee as necessary.
- Review and assess the effectiveness of the Company's policies, procedures and resource commitment in the areas of compliance, ethics, and privacy, by interacting with the leadership and management responsible for these functions.
- Consider any tax issues, legal and regulatory matters or employee complaints or similar matters brought to the attention of the Committee that may have a material impact on the Company's financial statements or accounting policies.
- Review with management the system the Company has in place to ensure that the Company's financial statements, reports, and other financial information disseminated to governmental organizations and the public satisfy legal requirements.

Financial Reporting Processes

- In consultation with the Company's independent outside auditor, the General Auditor, and the internal auditors, consider the integrity of the Company's financial reporting processes, both internal and external.
- Discuss with management, the independent outside auditor, the General Auditor and the internal auditors, as appropriate: (a) any major issues regarding accounting principles and financial statement presentations, including any significant changes in the Company's selection or application of accounting principles, and major issues as to the adequacy of the Company's internal controls and any special audit steps adopted in light of material control deficiencies; (b) analyses prepared by management and/or the independent

outside auditor setting forth significant financial reporting issues and judgments made in connection with the preparation of the financial statements, including analyses of the effects of alternative GAAP methods on the financial statements; (c) the effect of regulatory and accounting initiatives, as well as off-balance sheet structures, on the financial statements of the Company; and (d) the type and presentation of information to be included in earnings press releases (paying particular attention to any use of non-GAAP financial measures permitted under SEC rules).

Process Analysis and Review

- Establish regular and separate systems of reporting to the Committee by each of management, the General Auditor, and the independent outside auditor regarding any significant judgments, changes or improvements that have been made in management's preparation of the financial statements and the view of each as to appropriateness of such judgments.
- Discuss with the independent outside auditor, at least annually, any audit problems or difficulties and management's responses, any difficulties the auditor encountered during the course of the audit work, including any restrictions on the scope of the auditor's activities or on access to requested information, and any significant disagreements with management. The discussions with the independent outside auditor should address, to the extent applicable, any accounting adjustments that were noted or proposed by the independent outside auditor but were "passed" (as immaterial or otherwise), any communications between the audit team and its national office with respect to auditing or accounting issues presented by the engagement; and any "management" or "internal control" letter issued, or proposed to be issued, by the independent outside auditor to the Company.
- Discuss, at least annually, with the independent outside auditor the matters required to be discussed by the applicable requirements of the PCAOB and the SEC.
- Discuss any significant disagreement between management and the independent outside auditor in connection with the preparation of the financial statements, and resolve any disagreements between management and the independent outside auditor regarding financial reporting.
- Inquire of the Company's Chief Executive Officer and Chief Financial Officer as to the existence of any significant deficiencies in the design or operation of internal controls that could adversely affect the Company's ability to record, process, summarize and report financial data, any material weaknesses in internal controls, and any fraud, whether or not material, that involves management or other employees who have a significant role in the Company's internal controls.

Other Activities

- Review and assess the effectiveness of the Company's policies, procedures and resource commitment in the areas of cybersecurity and data protection, including key risk areas and mitigation strategies.

- Oversee and review the Company's artificial intelligence framework, including oversight of the Company's governance mechanisms to monitor, identify and mitigate potential risks associated with the deployment of artificial intelligence.
- Discuss and evaluate with management the Company's investment policy, including with respect to any sustainability-related criteria.
- Review, and as appropriate make recommendations to the Board regarding, financing policies and practices, including the issuance of debt, credit facilities and related activities.
- Review with management the system and controls the Company has in place to ensure the accuracy of its key disclosures related to sustainability matters.
- Establish procedures for the receipt, retention and treatment of complaints received by the Company regarding accounting, internal accounting controls or auditing matters, and for the confidential, anonymous submission by Company employees of concerns regarding questionable accounting or auditing matters.
- Report regularly to the Board on Committee actions and any significant issues considered by the Committee.
- Perform such other functions as assigned by law, the Company's Certificate of Incorporation or Bylaws, or the Board.

DELEGATION

The Committee may, in its discretion, form and delegate authority to subcommittees when appropriate and to the extent permitted by the listing standards of the NYSE. The Committee may, in its discretion, delegate to one or more of its members the authority to pre-approve any audit or non-audit services to be performed by the independent outside auditor, provided that any such approvals are presented to the Committee at its next scheduled meeting. Any member of the Committee is authorized to meet (in person or by telephone) with the Company's independent outside auditor in connection with the independent outside auditor's required communications with the Committee prior to issuance of its consent to the Company's filings with the SEC; provided, however, that such Committee member provides an update of such meeting with the independent outside auditor to the full Committee at its next regularly scheduled meeting.

PERFORMANCE EVALUATION

The Committee shall conduct an annual performance evaluation of the Committee, which evaluation shall compare the performance of the Committee with the requirements of this charter. The performance evaluation shall also include a review of the adequacy of this charter and shall recommend to the Board any revisions to this charter deemed necessary or desirable, although the Board shall have the sole authority to amend this charter. The performance evaluation shall be conducted in such manner as the Committee deems appropriate.

RESOURCES AND AUTHORITY OF THE COMMITTEE

In discharging its role, the Committee is empowered to inquire into any matter it considers appropriate to carry out its responsibilities, with access to all books, records, facilities and personnel at the Company. The Committee shall have the resources

(including funding) and authority necessary or appropriate to discharge its duties and responsibilities, including conducting investigations into any matters within the Committee's scope of responsibilities, the selection, retention, termination and approval of fees and other retention terms of special counsel, accountants, or other experts or consultants, as it deems necessary or appropriate, and funding for ordinary administrative expenses of the Committee, without seeking approval of the Board or management.
