UNITEDHEALTH GROUP®

# Political Contributions and Related Activity

UnitedHealth Group's mission is to help people live healthier lives and help make the health system work better for everyone.

UnitedHealth Group engages in efforts to help shape and inform public policy decisions that have the potential to improve the quality and delivery of health care and that affect our customers, employees, consumers, and the communities in which we operate. We have a corporate responsibility to our customers, our employees, our shareholders, and the people we serve across the health care community to continue to:

- Foster innovative solutions that produce consistent, high-quality health care at a lower cost and improve experiences for patients and providers to make health care simpler, more transparent, and more engaging;
- Ensure all Americans have access to quality, affordable health care coverage; and
- Support and develop proven best practices and apply data and information, technology, and clinical insights to improve health care in a socially conscious way.

Our activities include the work of educational outreach and promotion, campaign contributions, lobbying, and other related activities. These activities are subject to oversight by the Public Policy Strategies and Responsibility Committee of the Board of Directors, which is composed of independent directors, and are reviewed by legal counsel.

The Public Policy Strategies and Responsibility Committee adopted a political contributions policy which we have made available on our website at <http://www.unitedhealthgroup.com/About/CorporateGovernance.aspx>. The political contributions policy summarizes the policies and procedures that we follow with respect to political contributions.
