UNITEDHEALTH GROUP®

Political Contributions and Related Activity Overview

UnitedHealth Group's mission is to help people live healthier lives and help make the health system work better for everyone.

UnitedHealth Group engages in efforts to help shape and inform public policy decisions that ensure all people have access to high-quality, affordable health care. Our participation – including making bipartisan political contributions – is designed to improve the health care system and positively impact the people we are privileged to serve, our employees and shareholders. We support solutions that build on the strengths of today's health system and leverage innovative, proven, private sector approaches and successful public-private partnerships.

Our public policy priorities include:

- **Achieving Universal Coverage**
- **Improving Health Care Affordability**
- **Enhancing the Health Care Experience**
- **Achieving Better Health Outcomes**

Additional information on our public policy priorities can be found in [The Path Forward](#) and in our [2021 Sustainability Report](#).

Our activities include educational outreach, campaign contributions, lobbying and other related activities. These activities are subject to oversight by the Governance Committee of the Company's Board of Directors and are reviewed by legal counsel. UnitedHealth Group's Political Action Committee is managed by a long-established governance process that includes a thorough review and approval of each contribution.

The Board of Directors adopted a [Political Contributions Policy](#), which is available on our website. The Political Contributions Policy summarizes the policies and procedures that we follow with respect to political contributions.
