

Kansas Medicare Advantage Beneficiaries Receive Better Value and Spend 37% Less than Beneficiaries in Medicare FFS

22% (118,783) of Medicare beneficiaries in Kansas were enrolled in Medicare Advantage (MA) in 2020.

The average Medicare Advantage and Prescription Drug (MA-PD) plan beneficiary in Kansas spends:

\$1,602 Less than a beneficiary in Kansas who enrolls in traditional **Medicare Fee-For-Service (FFS) and a prescription drug plan (PDP)**

\$2,173 Less than a beneficiary in Kansas who also purchases **Medigap Plan G as supplemental coverage for medical out-of-pocket costs**

Annual Health Care Spending by Comparable Medicare Beneficiaries in Kansas, 2020

Within All Age Groups, Kansas' Beneficiaries in MA-PD Spend Less than those in Medicare FFS

\$1,381 to \$2,084 Less
than a **65-year old** FFS
beneficiary in average health

\$1,984 to \$2,565 Less
than an **85-year old** FFS
beneficiary in average health

In addition to the dental, vision, and hearing benefits typically offered, **the average MA-PD beneficiary in Kansas receives \$151 in annual supplemental benefits**, such as care coordination, meals and non-emergency transportation, not offered by Medicare FFS.
